

ARE YOU LOOKING FOR A REWARDING SUMMER JOB?

Daikin's Summer Experience Program (DSEP) is a great opportunity to gain real experience in a world class manufacturing environment for an industry leader. The work will be hard, but the benefits will last a lifetime. You will be working on an assembly line or in the distribution center learning how manufacturing works at the ground level. Working together with a team, you will develop strong problem solving and communication skills.

Program Overview

- Positions will be on an assembly line or the distribution center. Role examples are: shooting screws, putting lids on boxes, scanning inventory, etc.
- As summer is our peak season (it's hot outside and everyone needs AC!), you will be expected to work a full 8-10 hour shift, 6 days a week (Monday – Saturday)
- Target shift is 3:30 PM – 2:00 AM
- You must have reliable transportation to and from work
- Must be able to endure physical work for the full length of your shift
- US Citizens and Permanent Residents only

Why Us?

Daikin is the World's No. 1 air conditioning company in the world. With more than 90 years of operation, Daikin has sold millions of systems throughout 140 countries. But what makes us great isn't just our HVAC systems. It's our personal service, commitment to quality and technological innovations that allow us to be a leading HVAC manufacturer.
